**Attention:** This email originated from outside the County of Orange. Use caution when opening attachments or links.

Cynthia,  
Sheriff/Communications has reviewed PA 220177, AT&T's proposal at the OC Mining Site, 10000 S. Crawford Canyon Road, Santa Ana, and has no concerns with this project. This project will not require a post construction inspection.  
Thank you,

Erik Schull

Good Afternoon,

Attached is Planning Application PA22-0177 that has been submitted for approval to OC Development Services/Planning. Consistent with our on-going policy of involving your department in any planning application for wireless or other communication systems your department's review of the attached material is requested. Please let me know if you require any additional information.

FYI, it appears that the facility may be in an open space easement which means we might have to require then to relocate the facility. If that does happen I will send the plans to you again once they resubmit for a second review.

Thank You,  
Cynthia Burgos
