Attention: This email originated from outside the County of Orange. Use caution when opening attachments or links.

I am sending this email in protest of the cell towers being proposed at Cameo Highlands, Corona Del Mar.

Yes, we need cell towers. But the proposed tower location is directly across the street from multi million dollar, ocean view homes and next to a children's park in a lovely residential community. There are locations further back on the golf course where the towers, gas tanks etc could be placed and not impact residences and the children's park.

I urge you to move the towers to a less intrusive location further back on the golf course and away from our homes.
